The Royal Easter Show was on last month and I was invited by Community Radio Station 2ME to speak on air during this amazing show at former Olympic site in Western Sydney. I actually spoke about WOW FM and the involvement we have in our local community. Thank you to the presenter who allowed this on that autumn morning.

Gone but not forgotten **Ronnie Ryan**

Ronnie sadly passed away in March. His wife Shirley commenced at Wow FM in the late 80's and presented a weekly country music program called "Cool County". In '94 Ronnie listened to WOW FM and would regularly call Shirley to request old time country. Later Ronnie joined Shirley on her program which brought them closer. The name of the program changed to "Make Mine Country". They were well involved in Festival's throughout the local area they even broadcast in their pajamas at one event which shows how much they loved what they did. Ronnie will be missed by everyone at WOW FM and also the country music industry as a whole. Thank you Dr Bill Gayed for this story and also to Shirley who confirms Ronnie's presence will forever surround us when we hear old time country music and be comforted that his is singing the old favorites in heaven R.I.P. **Malama** at Greek National Day in March 2016

Joe Raccosta and Paul Marsh Mourn the passing of Prince. Tributes were also made on their Tuesday night program recently.

Recently I was invited to a community radio station fundraiser with some of the team at

WOW FM. We caught the train from Werrington Station and caught up with over 100 listeners and sponsors on a boat cruise leaving from Star City and entertained by one of the Presenters of that Station and an ABBA cover band. The Community Radio Station is called 2NBC 90.1FM. It was a Sunday night and this banner was spread across the boat for all of Sydney to see..
